Profile and Services

Reshaping Urgent Care Medicine

24/7 Clinic Travel Medical Services offer designed its Urgent Care Clinics to provide medical care for illnesses or injuries that require attention but are not life threatening. This delivery model is structured to get the patient in the door, seeing a medical professional, and back on the road to recovery in as little time as possible. Urgent Care Clinics tend to maintain later, longer regular business hours, making them a convenient alternative to a mid-week appointment with a primary care physician. Plus, since appointments don't need to be made several days in advance, patients are able to get the treatment they need, when they need it.

About 24/7 Clinic Travel Medical Services

24/7 Clinic Travel Medical Services offer advanced medical science and services in multi specialty and subspecialty and an integrated, interdisciplinary approach to the diagnosis and management of patients. With facilities located in Marsa Matrouh, Hurghada, Sharm el Sheikh and Marsa Alam. When it comes to great healthcare, 24/7 Clinic Travel Medical Services are second to none.

About 24/7 Clinic Travel Medical Services

We are committed to providing compassionate, patient-centered care, where a team approach ensures both complete and thorough consideration of treatment options. Patients value the personal, caring touch offered by our physicians, nurses and staff. Each patient has a specially designated primary nurse who coordinates nursing care, provides patient education and facilitates discharge planning.

Vision

24/7 vision is to be the healthcare leader in medical services provision at hotels and resorts in Egypt.

Mission

Our mission in 24/7 medical center and its satellite clinics ,we strive to heal, to comfort, to teach, to learn, and to seek the knowledge to promote health and prevent disease. Our patients and their families are at the center of everything we do.

Values

24/7 Clinic core values are the following:

- Patient Satisfaction.
- Patient Safety.
- Respect of All Beliefs.
- Commitment to Our Community.
- Professionalism.
- Striving for Continuous Improvement.
- Team Work.
- Open Communication.
- Motivation.
- Equal Opportunities.

Intermediate Care Units

24/7 Clinic Travel Medical Services have invested heavily in developing regions' most competent critical care areas. Our intensivist lead Intermediate Care Units are highly motivated and skilled people. The intermediate care unit offers the best and most innovative critical care, managing all medical, cardiac, surgical and stroke cases.

The design of 24/7 Clinic Travel Medical Services ICU allows maximum visibility of patient care areas and workspaces for constant and easy monitoring of patients. This ensures that the most comprehensive and timely care is delivered to each and every patient. 24/7 Clinic Travel Medical Services has technologically advanced units, equipped to deal with any life-threatening complications and conditions.

We are ready to make our intermediate care unit equipped with 2 beds that allow the clinic to receive more patients at the same time for emergency rush times.

Elite Style Patient Reception

24/7 Clinic Travel Medical Services have elite high-quality reception that gives the patient a comfortable feeling before any medical diagnosis or treatment. All of our clinic furniture units are purchased from IKEA.

Making the patients and their relatives calm during the medical practice is an essential protocol in 24/7 Clinic Travel Medical Services.

24/7 Clinic Travel Medical Services will not make the sick guest feel any difference moving from the hotel facility to the clinic facility by keeping every corner in the clinic prestigious and modern.

Diagnostic Ultrasound

24/7 Clinic Travel Medical Services are always equipped with diagnostic ultrasound machines that cover the following clinical applications:

- 1- General Imaging.
- 2- Urology.
- 3- Abdominal.
- 4- Gynecology.
- 5- Obstetrics.
- 6- Vascular.
- 7- Musculoskeletal.
- 8- FAST exam.

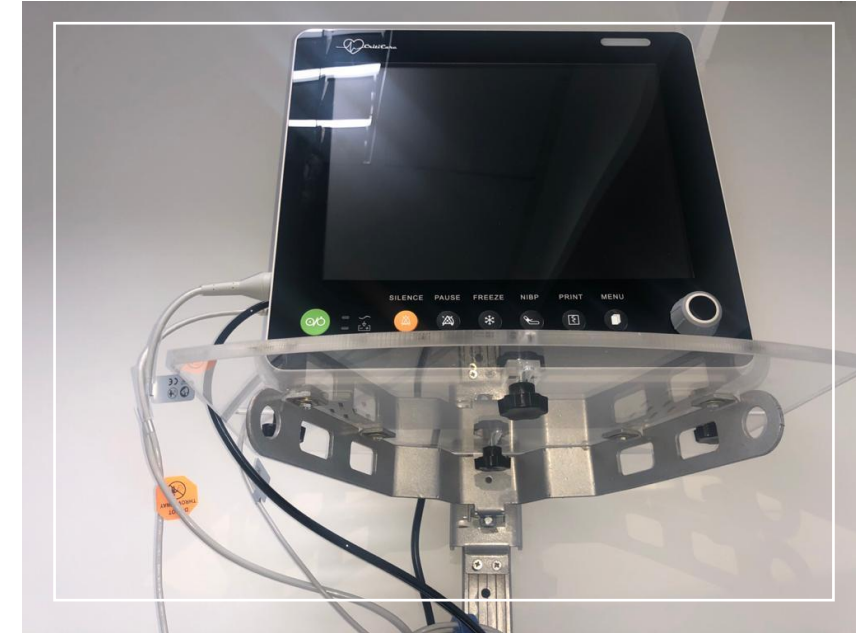

Vital Signs Monitoring

24/7 Clinic Travel Medical Services is keen to monitor patient's vital signs with the most advanced medical equipments. Taking vital signs on every patient visit can be vital to the health of your patient. Vital signs include body temperature, blood pressure, heart rate and respiration rate.

Additional vital statistics that may be of use to identify a predisposition to a disease or disorder and that assist with proper dosing of medication include weight and height.

Vital signs give us a baseline when a patient is healthy to compare to the patient's condition when they aren't healthy. Abnormalities in vitals can also be a clue to illness or disease that can be hurting the organ systems in the patient's body.

Saving Lives

24/7 Clinic Travel Medical Services are equipped with Professional defibrillators for emergency medicine. Being a portable unit, we can save patient's life easily with our defibrillators.

When every minute counts, 24/7 Clinic Travel Medical Services defibrillator can help hearts stop missing another beat. Everywhere. What matters is that they can be used quickly.

The person affected has only a few precious minutes left for a chance of survival. 24/7 Clinic Travel Medical Services only delivers an electric shock if life-threatening fibrillation is actually detected. 24/7 Clinic Travel Medical Services has invested in its defibrillators by adding the voice prompts that guide our doctors through the rescue sequence, thus eliminating the possibility of the device being operated incorrectly.

Internal Compact Pharmacy

24/7 Clinic Travel Medical Services has a 24-hour compact pharmacy making it convenient to dispense medicines for the patients in any emergency, day or night.

Many pharmaceutical products from various multinational companies that are registered with the ministry of health are available.

Our compact pharmacy incorporates our organization's values of teamwork, continuous improvement, and placing patients and families always at the center of our attention.

First Aid Services

First aid is one of 24/7 Clinic Travel Medical Services top priority, as we cover all phases of primary care in our clinics.

24/7 Clinic Travel Medical Services first aid kit is fully equipped with all needed medical tools, instruments, medications and equipments.

We allocate highly qualified trained doctors and nurses in our clinics to be able to deal with any emergency case.

Patient Easy Internal Transportation

24/7 Clinic Travel Medical Services is not just a clinic based inside a hotel, 24/7 clinic is a mobile point of care service provider.

We provide our clinics with medical golf cars that help a lot in patient emergency transportation wherever that patient is.

24/7 Clinic Travel Medical Services medical golf cars are always ready to arrive to the location's of the patient specially difficult locations such as the beach.

24/7 Clinic Travel Medical Services medical golf cars are equipped with all remote health monitoring devices that keep the patient safe till the clinic's arrival.

Laboratory

The mission of the laboratory department of 24/7 Clinic Travel Medical Services is to provide the highest quality laboratory services to the patients, physicians, and the public at large.

24/7 Clinic Travel Medical Services laboratory is staffed by a highly multidisciplinary team of medical professionals, including histopathologists, microbiologists, hematopathologists, geneticists and medical technologists and is equipped by state-of-the-art medical equipment.

24/7 Clinic Travel Medical Services laboratory provides clinical and pathology services 24 hours a day, seven days a week. The laboratory receives patient specimens from other clinics and hospitals.
