

IN-HOTEL MEDICAL SERVICES PROPOSAL

Medical Services 24/7

Powered by:
HEALTHCARE INTERNATIONAL GROUP

Introduction

Healthcare International Group, through its specialized MedOne Medical Services, is pleased to present this proposal for establishing a fully integrated medical clinic within Royal Bay Hotel.

In today's hospitality landscape, guest expectations go far beyond comfort and service. International travelers increasingly expect safety, immediate access to professional medical care, and reliable healthcare support as an essential part of their stay.

For hotels, this is no longer an added value — it is becoming a competitive necessity.

Our objective is to integrate a high-standard, fully operational medical clinic directly within your hotel, ensuring that both guests and staff have immediate access to professional, discreet, and reliable healthcare services at any time.

This partnership is designed not only to enhance guest experience, but also to position your hotel as a property that prioritizes safety, trust, and international service standards.

Backed by the infrastructure of Healthcare International Group (HCIG) and supported by the international coordination capabilities of TMSI Global, we deliver fast, professional, and internationally aligned medical care — ensuring that every guest feels secure throughout their stay.

Why HEALTHCARE INTERNATIONAL GROUP

Healthcare International Group is one of Egypt's leading healthcare providers operating within the tourism and hospitality ecosystem.

We combine clinical excellence with hospitality-driven service delivery, making HCIG a trusted partner for hotels, resorts, and international travel operators.

Key advantages of partnering with HCIG include:

More than 30 years of experience in healthcare operations

Established partnerships with hotels and resorts across Egypt

A nationwide network covering major tourist destinations

Integration with international medical tourism programs

Alignment with international healthcare standards

Hospitality-focused medical approach (discreet, fast, guest-oriented)

24/7 operational medical coordination center

Advanced electronic medical systems

Integration with TMASI Global for insurance handling and case coordination

This creates a complete ecosystem — from on-site consultation to hospital referral, insurance coordination, and medical evacuation when required.

International Medical Accreditation

Healthcare International Group operates in alignment with internationally recognized healthcare standards and collaborates with leading accreditation bodies:

Global Healthcare Accreditation (GHA)

German Medical Wellness Association
(GMWA)

Urgent Care Association (UCA)

This ensures that your hotel offers not just hospitality, but internationally trusted healthcare support.

Medical Services for Hotel Guests

- 24/7 On-Call General Physician
- In-Room Medical Consultations
- Emergency Medical Response and Stabilization
- Chronic Disease Monitoring During Stay
- Travel-Related Medical Assistance
- Immediate Referral and Transfer to Partner Hospitals when required

Medical Services for Hotel Staff

- On-Site Medical Clinic
- Free Medical Examination for Hotels Staff
- Free Medical Examination and Treatments for The acute emergency conditions
- Pre-employment Medical Examination

Services Delivery Model (IN-HOTEL CLINIC)

HCIG will implement a dedicated in-hotel medical clinic model tailored specifically for hospitality environments.

This includes:

Fully equipped on-site medical clinic within the hotel

24/7 medical support and emergency response

Ambulance and emergency evacuation support

Confidential, guest-oriented medical care

Licensed doctors and medical staff available on-site

Direct coordination with HCIG hospitals and partner facilities

Insurance handling and cashless services for international guests

The clinic is designed to operate seamlessly within the hotel environment, maintaining both medical efficiency and hospitality standards.

Premium Guest Medical Experience

Our medical services are designed to complement the premium positioning of your hotel.

Healthcare delivery is aligned with luxury hospitality standards:

- Medical staff presentation aligned with hotel image
- Modern equipment and high-quality treatment standards
- Multilingual communication for international guests
- Discreet and private consultations
- Fast response time within hotel premises

The goal is not just to treat — but to enhance the guest experience.

Benefits to The Hotel

Partnering with HCIG provides clear strategic and financial advantages:

- ✓ Increased guest trust and satisfaction
- ✓ Strong competitive advantage in the hospitality market
- ✓ Additional revenue stream through medical services
- ✓ Reduced operational and legal risk
- ✓ Improved staff wellbeing and support
- ✓ Stronger positioning with tour operators and insurance companies

This is not just a service — it is a positioning tool.
